***EXAMINER'S COMMENT***

1. The Notice of Allowance is responsive to applicant's amendment filed 11/17/08, RCE filed 11/24/08 and amendment filed 5/14/2009. The *amendment and remarks*, pages 4-8, filed therein has overcome the rejection of claims 63-71 **under 35 USC 102 (e) and 103(a) mailed on 6/18/2008**. Therefore, the rejection of claims have been withdrawn.

2. The following is a statement of reasons for the indication of allowable subject matter:

Claim 63 in the instant application has not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose or suggest an apparatus for applying a blood vessel clip comprising: *a magazine connects to an applicator barrel, the magazine has a plunger space and a magazine passage separated by a divider shim where a distal end of the magazine defines an exit aperture. The magazine passage adapted for storing at least one blood vessel clip therein. The magazine passage includes a constricted region narrower than a head of the blood vessel clip. The constricted region spaced apart from the exit aperture and having a narrowest point that is narrower than the exit aperture. The plunger extends into the plunger space. The plunger connected to the grip assembly and adapted to move the vessel clip through the exit aperture, in combination with the rest of the claimed limitations as set forth in claim 63.*

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Victor X. Nguyen whose telephone number is (571) 272-4699. The examiner can normally be reached on M-F (8-4.30 P.M).
